

UNITED STATES DISTRICT COURT
EASTERN DISTRICT OF NEW YORK

----- x
NEW YORK COMMUNITIES FOR CHANGE,

Plaintiff,

**CONSENT DECREE AND
ORDER**

-against-

NEW YORK CITY DEPARTMENT OF EDUCATION
and NEW YORK CITY SCHOOL CONSTRUCTION
AUTHORITY,

11-CV-3494 (SJ) (CLP)

Defendants.
----- x

WHEREAS:

A. Plaintiff New York Communities for Change ("Plaintiff") brought this action pursuant to Section 2619(a)(1) of the Toxic Substances Control Act ("TSCA") and Section 6972(a)(1)(B) of the Resource Conservation and Recovery Act ("RCRA") against Defendants, the New York City Department of Education ("DOE") and the New York City School Construction Authority ("SCA") concerning the presence of light fixtures that use or have used light ballasts containing polychlorinated biphenyls ("PCBs") (referred to as "PCB Light Fixtures") in New York City public school buildings;

B. Plaintiff alleged that the existing ten (10) year timeline to remove all of the PCB Light Fixtures in the New York City public school buildings announced by Defendants prior to the commencement of this lawsuit, was inadequate, and sought to require Defendants to perform this work in a shorter period of time;

C. Defendants filed a Motion to Dismiss All Complaints or In the Alternative Stay the Proceeding in response to which Plaintiff filed opposition papers. After oral argument

before Magistrate Judge Cheryl L. Pollak and reviewing the parties' submissions, this Court denied Defendants' Motion to Dismiss and ordered discovery to be expedited in this matter;

D. After receipt of this Court's decision denying Defendants' Motion to Dismiss All Complaints, the parties agreed to enter into mediation over the existing ten (10) year timeline during which they have discussed feasible measures to reduce the timeline to one that is mutually acceptable;

E. When they originally proposed a ten (10) year timeline in February, 2011, Defendants had also stated their intention to reevaluate the ten (10) year timeline in 2014 to determine whether it could be reduced based on the experience gained in the initial years of the program;

F. Through discussions prompted by the mediation, the parties have agreed that all Light Fixture Replacement Projects, defined in paragraph 2 below, shall be completed by December 31, 2016;

G. The Plaintiff and Defendants, by authorized counsel, have agreed to the making and entry of this Consent Decree and Order ("Consent Order") without further litigation, and have agreed to be bound by its terms;

NOW, THEREFORE, it is hereby ordered, adjudged, and decreed as follows:

1. Jurisdiction and Venue: This Court has subject matter jurisdiction under 28 U.S.C. § 1331 because the instant claims are brought pursuant to TSCA and RCRA. Venue is appropriate in this district under 28 U.S.C. § 1391(b)(2).

2. Definitions:

“Light Fixture Replacement Project” shall mean a capital construction project to remove all outdated or inefficient light fixtures in a school building, including but not limited to all PCB Light Fixtures, and replace them with all new, non-PCB light fixtures.

“Relevant School Buildings” shall mean the approximately 645 school buildings currently suspected to contain PCB Light Fixtures, as identified in Attachment “A.” The parties stipulate and acknowledge that the existing list is subject to change as Light Fixture Replacement Projects are completed, or if a certain building was misidentified as having or not having PCB Light Fixtures. Defendants shall, as necessary, file an amended list of Relevant School Buildings with the Semi-Annual Reports described in paragraph 4 below. Mistakes and inadvertent errors with respect to such list and corrections of same shall not be deemed a violation of this Consent Order.

3. Defendants shall complete all remaining Light Fixture Replacement Projects in the Relevant School Buildings by December 31, 2016. On or before January 16, 2017, Defendants shall file with the Court a notice of completion, certified by an officer of each Defendant, following the removal of PCB Light Fixtures from the last of the Relevant School Buildings (“Notice of Completion”). After initiating a meet and confer, Plaintiff may, on or before February 1, 2017, seek leave of Court to serve reasonable information requests on Defendants concerning the Notice of Completion, and Defendants may, within seven (7) days¹, file objections. Plaintiff shall have twenty (20) days from the latest of (i) receipt of information responsive to Plaintiff’s request for information, if leave is granted, (ii) receipt of an order denying said request, or (iii) February 1, 2017 if Plaintiff elects not to seek leave of Court to

¹ For purposes of this Consent Order, if a filing date falls on a weekend or a court holiday, the subject filing shall be due on the next business day.

serve reasonable information requests from Defendants, to file objections to Defendants' Notice of Completion. Defendants shall have twenty (20) days to respond to such objections. The objections shall be limited in scope to objections that the Defendants have not removed all PCB Light Fixtures in the Relevant School Buildings. Following the resolution of objections filed by Plaintiff, if any, the Court shall order the final dismissal of this matter with prejudice.

4. On March 15 and October 15 of each year prior to the December 31, 2016 deadline, Defendants shall file a report ("Semi-Annual Report") with the Court containing: (i) the total number of remaining Relevant School Buildings in which Light Fixture Replacement Projects are not yet completed; (ii) the number of Light Fixture Replacement Projects in the Relevant School Buildings that the Defendants or other entities expect to complete before the next scheduled Semi-Annual Report; (iii) the number of individual Light Fixture Replacement Projects, along with the building identification and school name, that Defendants or other entities have completed prior to October 1 for the October Semi-Annual Report and prior to March 1 for the March Semi-Annual Report; and (iv) the start date and finish date of each completed Light Fixture Replacement Project included in the Semi-Annual Report. Each of Defendants' Semi-Annual Reports shall be certified by one or both Defendants. For purposes of this provision, the "finish date" may be construed as the date the Light Fixture Replacement Project is fully complete, or the date the last PCB Light Fixture was removed from the Relevant School Building.

5. After initiating a meet and confer, Plaintiff may, within fifteen (15) days of Defendants' filing of the March 15 Semi-Annual Report, seek leave of Court to serve reasonable information requests on Defendants concerning the March 15 Semi-Annual Report and Defendants may, within seven (7) days, file objections to the information requests. If Plaintiff seeks such leave, Plaintiff shall have twenty (20) days from the later of (i) receipt of information

responsive to Plaintiff's request for information if leave is granted or (ii) receipt of an order denying said request, to file objections to the Semi-Annual Report with the Court based on good faith concerns that the Semi-Annual Report evidences delay on the part of Defendants with respect to completed or anticipated projects or both, sufficient to jeopardize the Defendants' ability to meet the December 31, 2016 deadline. If Plaintiff does not seek leave to serve requests for information, Plaintiff shall have twenty (20) days from the date Defendants file the March 15 Semi-Annual Report to file the objections described in the previous sentence. Plaintiff stipulates and acknowledges that the number of projects in reporting periods will vary and shall not raise objections solely because a reporting period contains fewer projects than another reporting period. If an objection is filed, Defendants shall respond to Plaintiff's objection within twenty (20) days. The Court will resolve the issues raised by the parties and may hold a conference with the parties.

6. After initiating a meet and confer with Plaintiff, the Defendants may file a Force Majeure application with the Court to extend the December 31, 2016 deadline in a circumstance of actual or anticipated non-compliance. Defendants shall notify Plaintiff as soon as practicable after the time that Defendants know of any event or condition that gives rise to Defendants' need to file a Force Majeure application. As part of the meet and confer, Plaintiff may serve and file with the Court reasonable information requests concerning the Force Majeure application, and Defendants, subject to any objections to be made within seven (7) days, shall provide information responsive to such reasonable information requests. Defendants' Force Majeure application shall specifically reference this paragraph 6 of this Consent Order and describe the anticipated length of time the delay may persist, the cause or causes of delay, the measures taken or to be taken by Defendants to prevent or minimize the delay, and the schedule

by which those measures shall be implemented. In order to prevail in its Force Majeure application, the Defendants must demonstrate each of the following:

- (i) First, one of the following catastrophic conditions or other circumstances has occurred: an Act of God, war, terrorism, insurrection, strike, judicial injunction, material default by contractor or supplier, a documented shortage of qualified labor in the relevant trade or industry that makes reaching the deadline impossible, or the failure of a federal, state, or local agency or authority to issue any necessary permit or approval in a timely fashion where, in accordance with applicable law or regulations, the Defendants have timely submitted a complete application and all necessary supporting information and are otherwise entitled to such permit or approval;
- (ii) second, the catastrophic condition or other circumstance in clause (i) above is beyond Defendants' control or ability to rectify; and
- (iii) third, Defendants have made best efforts to comply with the provisions of this Consent Order ("Force Majeure Conditions").

Plaintiff shall have twenty (20) days from the later of (i) receipt of information responsive to Plaintiff's request for information, if any, or (ii) service of Defendants' Force Majeure application, to file objections to any Force Majeure application submitted by the Defendants, to which Defendants shall have fifteen (15) days to respond. The Court shall rule on Defendants' application and Plaintiff's objections after holding a conference or a hearing.

7. If Defendants do not comply with the December 31, 2016 deadline for completion of all Light Fixture Replacement Projects, a conference or hearing shall be held by the Court to assess any measures the Court deems appropriate to address issues of non-

compliance ("Measures") after the matter has been briefed by the parties. In assessing any requests made by Plaintiff for the imposition of such Measures, the Court may consider, among other things: (i) the number of uncompleted projects; (ii) the amount of time it will take the Defendants to complete such projects; (iii) whether Defendants engaged in good faith efforts to complete the remaining projects by the December 31, 2016, deadline; and (iv) any relevant Force Majeure Condition set forth in paragraph 6. The Defendants shall not be held in violation of this Consent Order or subject to any Measures if all PCB Light Fixtures have been removed and the only work remaining in the Relevant School Buildings after the December 31, 2016 deadline is the installation of new light fixtures. If, upon application to the Court, Defendants show with clear and convincing evidence that they have made best efforts to meet the December 31, 2016 deadline and yet a limited number of Relevant School Buildings cannot be completed by the December 31, 2016 deadline for reasons other than Force Majeure Conditions, the Court may grant Defendants a 245-day grace period to allow for the completion of said projects. In reviewing such application, the Court shall determine, in its discretion, whether the number of projects proposed by the Defendants is, in light of the facts and circumstances, a limited number of remaining Projects for purposes of this provision. Defendants may apply to the Court for such relief as part of their March 15, 2016 or October 15, 2016 Semi-Annual Report to the Court, but only after initiating a meet and confer with Plaintiff to discuss the concerns described in this paragraph. As part of the meet and confer, Plaintiff may serve and file with the Court reasonable information requests, and Defendants, subject to any objections made within seven (7) days, shall provide information responsive to such reasonable information requests. Plaintiff may file objections to Defendants' application within twenty (20) days of the later of (i) receipt of information responsive to Plaintiff's request for information, if any, or (ii) service of Defendants' application. The Court may hold a conference or hearing before ruling upon Defendants'

application and Plaintiff's objections, if any. If Defendants' application is granted, Defendants shall file the Notice of Completion following the 245-day grace period and the procedures described in paragraph 3 shall apply.

8. The parties agree that this Consent Order shall remain in effect until the Court's acceptance of the Notice of Completion and dismissal of this matter described in paragraphs 3 or 7 above. Subject to paragraph 10, this Consent Order constitutes an order that resolves in full the claims under Section 6972 of RCRA and Section 2619(a)(1) of TSCA, as set forth and alleged in the Complaint and Amended Complaints filed in this matter.

9. Subject to paragraph 10, this Consent Order shall fully settle this action, and shall completely satisfy all of the Plaintiff's claims against Defendants set forth in the Complaint and Amended Complaints. Neither this Consent Order nor any of its terms or conditions shall be construed as an admission or evidence of any wrongdoing, misconduct, or liability on the part of Defendants.

10. The Court shall retain jurisdiction of this matter for the purpose of enabling the parties to this Consent Order to apply to the Court for any further order or relief that may be needed to construe, carry out, or enforce the terms of this Consent Order, and to perform the judicial functions described in this Consent Order. The parties agree that this Consent Order expressly does not prevent or foreclose any claims or application by Plaintiff to recover its attorneys' fees and costs associated with prosecuting the Complaint and Amended Complaints, which Plaintiff may file with the Court within 120-days following the entry of this Consent Order. In addition, the parties agree that this Consent Order expressly does not prevent or foreclose any claims or applications by Plaintiff for the recovery of its attorneys' fees and costs associated with the successful application, motion or objection by Plaintiff in connection with enforcing this Consent Order. Defendants reserve the right to oppose, wholly or in part, any

such applications for attorneys' fees and costs, and to request reasonable information from Plaintiff concerning any such applications to which Plaintiff may object within seven (7) days. Plaintiff and Defendants will meet and confer on a briefing schedule, and submit it to the Court for approval, subsequent to Plaintiff's filing of any motion for fees and costs.

11. The Parties may agree, subject to this Court's approval, to amend or modify the terms and conditions of this Consent Order.
